

User Manual

The Legend of Zelda is started by running 'The Legend of Zelda.exe'. At the main menu select the one mission and click start-game.

GamePad Controls

First plug in the gamepad before starting the game. Once in the game the controls are simple.

- Left Joystick
- Right Joystick
- Right-Most button
 - [square] or 3
- Bottom button
 - [x] or 2
- L1
- Player Movement
- Camera Movement
- Jump
- Fire button (if there were a weapon..)
- Toggle to first-person

Keyboard Controls

3rd-person keyboard controls are not finished. The best bet is to throw it into First-Person (<TAB>) and explore Hyrule that way.

- TAB
- W
- S
- A
- D
- I
- Mouse
- First/3rd Person Toggle
- Forward
- Backwards
- Left or Strafe-Left
- Right or Strafe-Right
- Inventory Menu
- Look/Change-Direction
